

Environmental, Social and Governance Report

Fiscal Year 2022

Sustainability is central to Cargill's business strategy, the value proposition we deliver to our customers, and the shared value we create for society and the environment through our products, services, and programs. **Cargill's global Environmental, Social, and Governance (ESG) report** summarizes our ESG, management approach, programs, and performance across our company. The report aligns with our most material ESG topics and our sustainability strategy, focused in the areas of **Climate, Land & Water, and People**, and highlights the environmental and social outcomes we are driving across our operations, supply chains, and the communities where we live and work.

Focus areas

Our sustainability strategy at Cargill is focused on three priority areas, which present the best opportunity for us to drive industry transformation and deliver sustainable and scalable impact.

Climate

Land & Water

People
